OUR FACILITY

A 20,000 sq.ft Purpose-Built Warehouse

Located strategically in Bangalore, our centralized warehouse is the beating heart of Hamsalekha's operations. This dust-free, climate-controlled facility houses our vast multi-crore production assets under absolute safety standards. Here, staging setups are test-assembled, structural rigs undergo strict load-bearing checks, and electronics are system-tested before leaving for the venue.

- ✦ Dust-free high-end automated diagnostic staging bays
- ✦ Certified safety rigging inspection towers
- ✦ 24/7 dedicated heavy-vehicle logistics fleet

SECTION LABEL

Rigging Chiefs

Structural engineers specializing in safe high-altitude truss construction and suspended AV weight analysis.

Power Engineers

Licensed electricians managing seamless redundant power loads and heavy-capacity distribution.

Scenic Carpenters

Master craftsmen sculpting precision signature backdrops, premium glass canopies, and luxury sets.

Logistics Masters

A coordinated taskforce managing safe zero-impact transport, inventory tracking, and scheduling.

RIGOROUS STANDARDS

How We Protect Your Event

1

Redundancy Mapping

We deploy absolute backup generators and secondary signal lines for all critical spotlights and staging consoles.

2

Pre-Event Diagnostics

Every structural clamp, power cable, and automated bulb is tested at our facility prior to site delivery.

3

SLA Rigging Protocol

All high-suspended truss structures are double-locked with certified safety wires under veteran engineering supervision.

4

24/7 Field Support

A standby engineering crew is stationed permanently on-site with spare parts for real-time adjustments.

GO BEHIND THE SCENES

See It In Person - Schedule a Warehouse Visit

We welcome event coordinators, premium planners, and wedding designers to inspect our high-capacity gear first-hand. Schedule a guided walkthrough of our tech facility.
